Homeschool rules

Come to “school” fresh and happy

Be grateful to Allah for giving you the opportunity to learn today

Make sure sharpened pencils, eraser, and other things are ready

Start your work with Bismillah

Talking about ideas not related to the work you are doing should be saved for later

Stay on your desk unless you really have to move

Wait patiently once you call Mom until she gets the opportunity to attend to you

When something is completed report it to Mom

Let others focus on their work by not distracting them

Allow others to borrow from you if they need something

Use 'please' and 'JazakAllahu khair' and all your good manners

Ask questions, respectfully

If you feel lazy, do wudu' or say the du'aa to get rid of laziness

If you are doing super awesome, say Alhamdulillah

If you are not doing super awesome, relax and ask Allah to help you

When the “school” is over keep away everything and clean up the study area

Thank Mom with a du'aa for her time and effort in helping you learn today
